Making

At what point does an individual realize the time has come to differentiate from others? At what point does a school realize it is like no other? For the St. Martin Yellowjackets, following is not an option, imitating is out of the question, and no other school comes close. It is our turn to lead. It is our turn to conduct this might orchestra called "life." Because we are working together better and better every single day, achieving all goals in sight and outshining all other schools along the way, we are slowly but surely making our way.

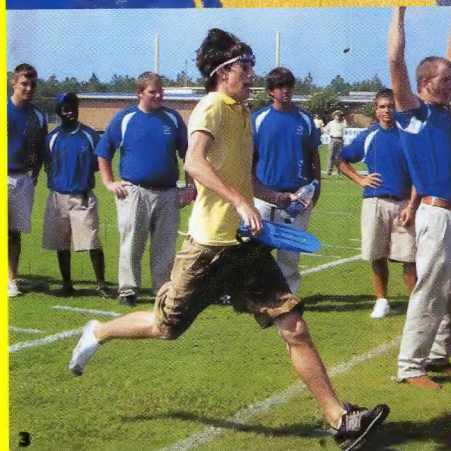

1. Alicia Bowman stands tall and proud while conducting the SMHS marching band. Alicia is only a junior, but she holds the position as drum major with pride and determination. 2. Mr. Holloway holds the tug-of-war rope steady in preparation for the Senior class to pull against the varsity football players and cheerleaders at the homecoming pep rally. Chance Adams says he is always willing to participate in spirit olympic games and "git r dun". 3. With one shoe on, Travis Crabtree attempts to win the relay race for the junior class at the first pep rally. The eighth graders won this event and received a total of 25 spirit olympic points. 4. At St. Martin's first game of the season, Brandon Payton makes his way down the field to victory to score the first touchdown of the season.

Jason Webb is ranked 8th in the state for pole vaulting.

5. As the Senior Football players were being announced at the first pep rally, the graduating class of 2006 shows their spirit by shaking shakers and yelling proudly to support their classmates. 6. Heather Morgan is SMHS's '05-'06 "Buzzy". She attended cheerleading camp at USM along with the '05-'06 cheerleading squad. Heather is known for getting "crunk" and breaking it down on the sideline for the yellowjacket fans. Kesta Redding says, "I love to watch her at football games because she has plenty of energy." 7. During campaign week, Jeff Windham explains to Ann Cao and Kerry Nguyen his plans for the school year if he were to be elected as Senior Class President. Jeff printed over 500 flyers and designed over 20 posters for his campaign. 8. The JROTC drill team, Mandy Schram, Byron Cassidy, Brandi Cox, Ryan Allen, Jessica Cannette, Jonathan Webb, and Courtney Holtzberger, makes its way onto the field to present the colors at the Homecoming football game.

Erik Davis drew the artwork for the title page.

WHO EXPANDS MANY MINDS

She was born and raised in Louisiana to teach and inspire many.

After graduating from Pearl River Community College and USM, she had an education that could outshine any.

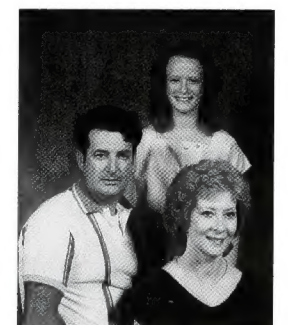

Her love for singing in the church choir and exercising keeps her youthful appearance alive.

If one asks how many schools she has taught at, the answer is, "more than five."

Her hard work and dedication inspires many others to work hard and do the same.

As a leader of the St. Martin High Faculty, she is respected by all, and everyone knows her name.

The 2006 Yellowjacket is dedicated to none other than our beloved Dr. Gayle Mize.

"I would suggest that everyone takes Chemistry because Dr. Mize teaches on a college level." - Ann Cao

Fun in the Sun

work and relaxation

Ahh, the sweet sound of summer: birds chirping, water splashing, but most importantly, the thought of no schoolwork. Throughout the school year, St. Martin High School students put much time, effort, and determination in to achieving academic excellence; therefore, when summer break approaches, the time has come to relax. Whether it is working for extra cash or traveling around the world, the summertime brings a smile to every student's face.

Remembering the times of our lives

Think back in the day when we were young. Do you remember watching Sesame Street or Barney? What about the time period when you woke up early Saturday mornings just to watch "One Saturday Morning"? Oh how time flies! Those were the best days of our lives; we did not have to worry about anything. Our parents dressed us, fed us, and bought us what we needed. Then it happened; we grew up. Our parents made the way for us; nevertheless, now it is our turn. We are not children anymore, but it is always nice to think back and remember when.

Michelle says, "Playing on a playground is what I miss the most about middle school." **2.** Every year the SME and SMN kindergarten classes present an end of the year play at the High School for parents. The graduating class of 2006 performed "Fun in the Sun." **3.** Myles Seymour, Cody Massey, and Bradley Davis wait in line to take a picture at the SMMS Christmas Dance. The Annual Staff sponsored this dance and the winners of Who's Who were announced. **4.** Jeff Windham and Shawn Battise are acting cool in front of the middle school gym while waiting for the bell to ring to go to 3rd block.

Spencer Wallace met Jerry Rice at Disney World in 1997.

5. At Cassie Hughes's thirteenth birthday pool party, Cassie, Haley Roberts, Cristan Leach, Ashley Cassidy, and Bridget Hitt enjoy their snacks. The party was an all day event that turned into a sleepover. "I had a great time. I remember when we threw sinking weights in the pool and dove for them," states Ashley.

What would you consider your most memorable experience in elementary school?

"I remember when Teardrop and Buttercup came to our school and we could get up and dance with them."
-Angelia Jones

"My mom was always late picking me up from school, so I got to stay late and play games with all the teachers."
-Sydney Cheatham

"I can remember the day we ate green eggs and ham in Kindergarten."
-Jeff Windham

6. During the SME fall festival, Sarah Fitzgerald and Cristan Leach entered the costume contest and both received prizes. The Fall Festival is a yearly festivity held at the East Elementary School. A Moment in Paradise

Prom 2005 was held at Gulf Hills Resort in Ocean Springs. Gulf Hills Resort is a beautiful hotel that has two main areas for guests, a ballroom and a poolside area. The ballroom was decorated with colorful, tropical flowers that were imported from Costa Rica and Thailand. Fish were also brought in to enhance the tropical mood. By the poolside, a DJ was present to keep the mood alive by playing hits and classical music.

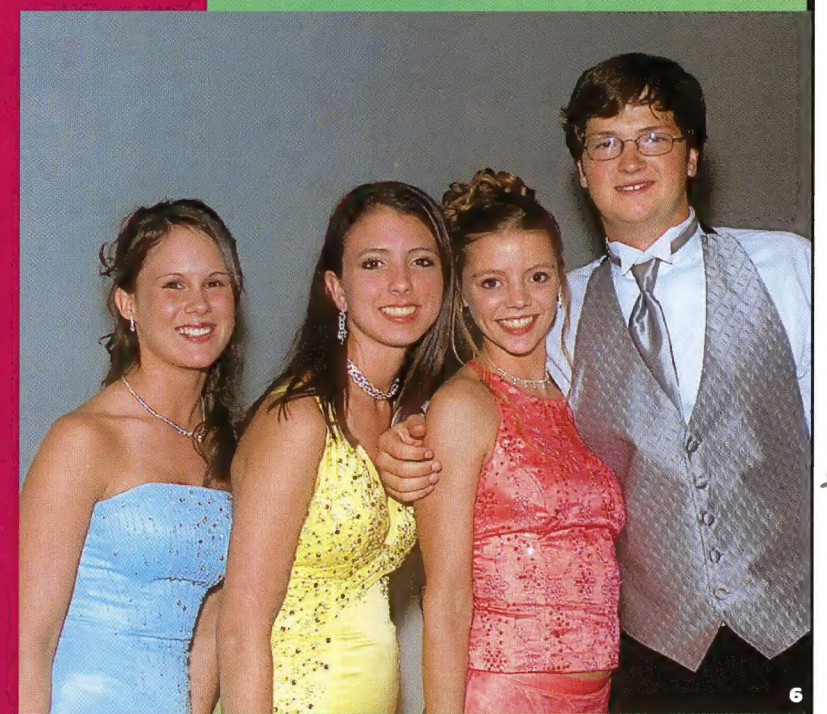

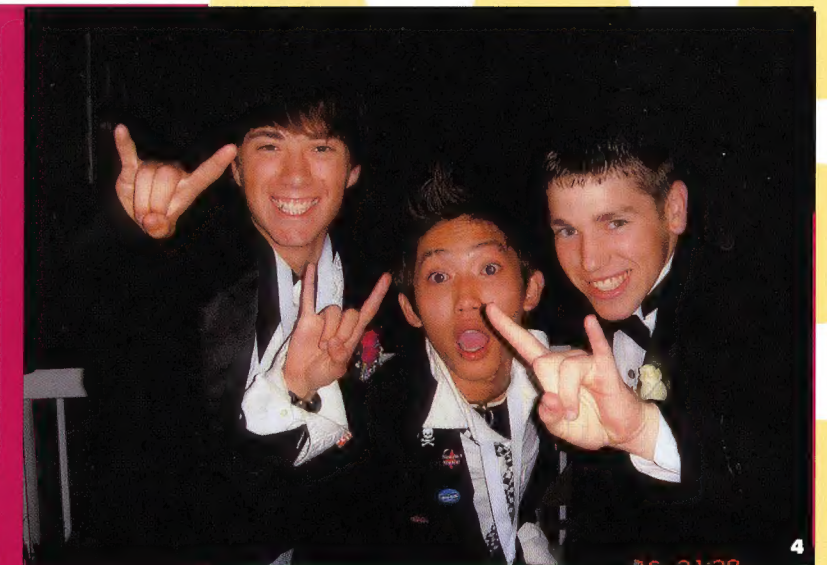

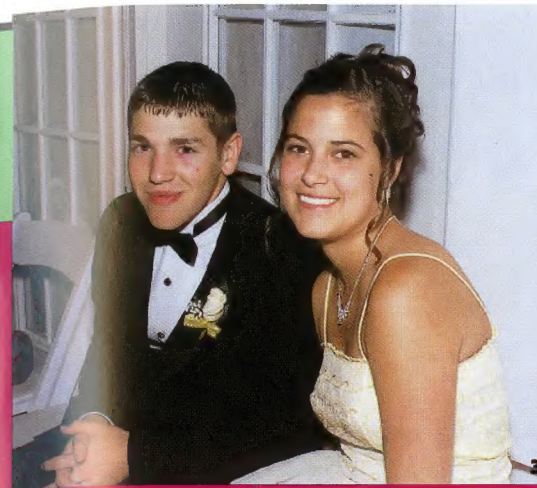

As seniors signed in, they were given leis as a senior memento. The leis distinguished the seniors from the underclassmen. As favors, prom committee members distributed glasses and mugs with "Prom 2005 A Moment in Paradise" printed on each one. As the guests arrived, they got the chance to capture "A Moment in Paradise."

A LEI'ED BACK EVENING

1. Scott Carter, Karin Smith, Kerry Nguyen, Jessica Broderick, Cristan Leach, Drew Aucoin, Timothy Steen, and Tiffany Thone were chosen for Prom Court 2005. Tarkan Weston was voted as Prom King and Jessica Broderick was voted as Prom Queen.

2. Rebecca Dominey, Stephanie Barber, and Jordan Randall, who were then ninth graders, volunteered much time and hard work. After working at prom, they were eligible for the next year's prom committee even though they were only ninth graders.

3. Michael Sherman and Hailey Carr sit by the pool at prom while watching the announcement of senior walkout. Before Michael and Hailey headed to Gulf Hills for prom, they ate at the fine dining restaurant, Anthony's, located in Ocean Springs. 4. Melissa Ramsay, Whitley Lamey, Chelsea Crocker, and Ryan Allen took a break from dancing to take a picture. Before prom, Melissa and her date ate at Savannah's located inside Casino Magic in Biloxi. 7. Getting ready for prom, Brittany Bryant and Brett Juraszek got their hair done together. After eating dinner at Salvetti Brothers in downtown Ocean Springs, the couple headed to Gulf Hills for prom.

Matthew Wright has won first place in five piano competitions.

Kesta Redding has been to England twice.

Helping Others

Seniors helping other students with problems they once faced in their earlier years.

Every year the senior mentors help students from grades K-12 address their weaker points. These obstacles may vary from school work to personal needs. Mentors leave during third block most days to visit their mentees and help them with anything from school work to developing better self-esteem. There are 3 steps to being a mentor: Step 1. Sign up for the class at the beginning of the year, Step 2. The names are checked by teachers, counselors, and administrators. To be selected, students must have a good attendance report, be willing to work with younger children, and willing to do community service. If they qualify Step 3 is getting accepted and working to your fullest potential.

1. This years mentoring class includes Casey Hill, Kyle Dimitry, Andrew Fleming, Billy Bouchillon, Sydney Cheatham, David Kuehn, Austin Wilkinson, Bradley Davis, Wade Shoemake, Brandon McCollough, Jeff Windham, Alyssia Payton, Amy Humphrey, Jessica Fox, Megan Blackman, Megan Lepoma, Brandon Mullen, Danielle Barber, Amy Barnes, Lauren Sentell, Tronya Batey, Heidi Jablanski, Remelyn Toyongan, Kristen Livingston, Krystal David, and Kerry Nguyen. This is the second year mentoring has been an actual class. Mrs. Perkins has taught mentoring both of these years. She wants to see older students make a change in younger students' lives. Lauren Sentell enjoys getting the chance to be a role model and help other students.

Sydney Cheatham worked on a blueberry farm from age 13-17.

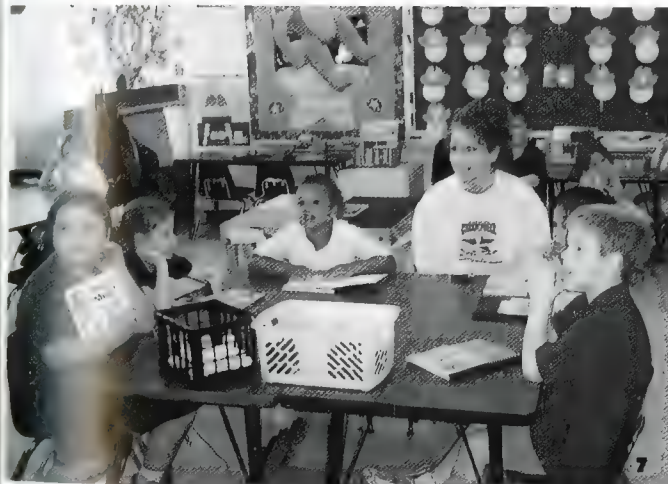

2. Amy Barnes is helping Mrs. Perkins check to see if the mentors are doing their jobs properly by looking at their community service sheets and checking them off in the grade book.

3. Mentors help sort out the donated goods from people all over the world. The goods were kept in the library for students and families in the community that were affected by hurricane Katrina. 4. Michael Sherman helps his mentee with school work.

5. Casey Hill handing out lunches at St. Martin East. The cafeteria is under construction; therefore, the students have to eat lunch in their classrooms.

6. Andrew Fleming and his mentee swing while discussing the spelling test his mentee is about to take. 7. Kristen Livingston sits in Mrs. Parker's classroom with her mentees. She was helping them read the book Thats Mine! and practice their spelling works for the week.

Help Themselves!

Mrs. Perkins formerly held the Junior Olympic Record for swimming.

Womanless Beauty Pageant

1. Megan Blackman, Ann Cao, and Tronya Batey, three of the senior prom committee members, dress up as males to escort the womanless beauty pageant contestants around the gym.

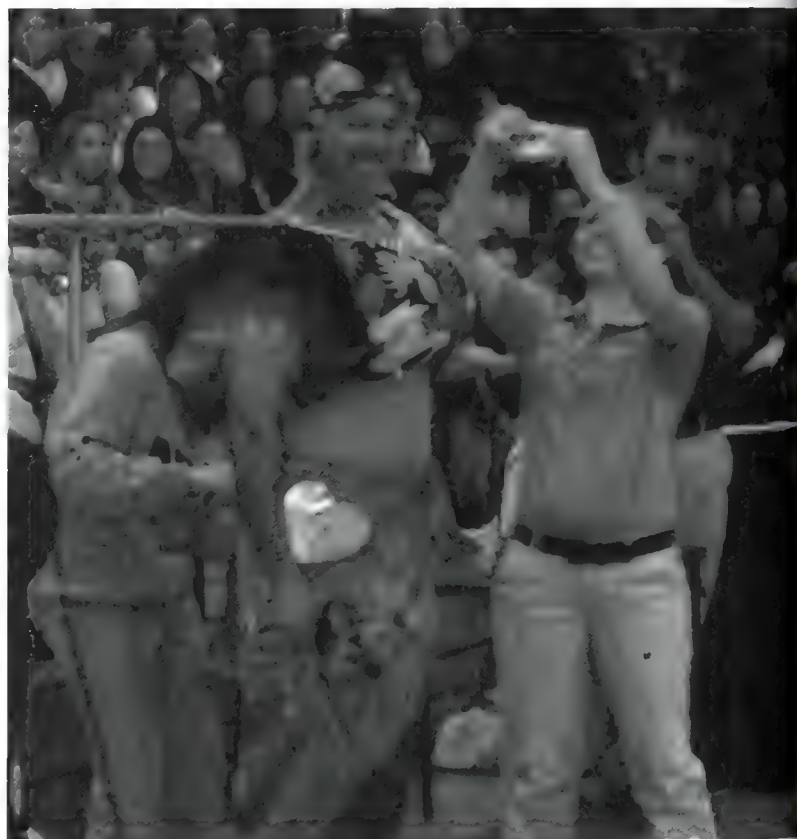

2. Coach "Juwana" Wilson, Mr. "Shanana" Richardson, Mr. "Violet" Walker, Coach "Greg-gorgeous" Williams, Coach "Roberta Marsland" Griffin, Mr. "Ima Diva" Heise, Mr. "Polly Anna" Pollard, Mr. "Candy" Williams, and Coach "Wayneamina" Fortenberry all wait anxiously in the spotlight as the three judges tally their scores.

3. Senior prom committee member Amy Simpson laughingly reaches up to put a beautiful paper crown in place on Coach "Wayneamina" Fortenberry's head. This is his second consecutive year in the womanless beauty pageant, and he fought hard to win the much deserved title by stepping up his routine. This year, he started out dressed up as an old woman, and then he shed the frumpy duds to reveal a stunning Chiquita Banana inspired ensemble.

4. Coach Griffin sits patiently while prom committee member, Amanda Cox, carefully paints bright blue eyeshadow on his eyelids.

5. Mrs. Angela Heise applies the finishing touches on Mr. Heise's makeup. He regretted gluing women's artificial red plastic fingernails on his own nails because he could not remove them later; therefore, he sported gloves to cover the feminine look.

6. Members of the girls' varsity basketball team, Angelia Jones, Chantel Hilliard, Kendra Washington, Raven Farmer, Jasmine Straight, Charita Hilliard, Natasha Thomas, and Ariana Bryant, gather around Coach Fortenberry to celebrate his victory in the pageant and the beginning of his reign as "Miss Womanless" 2006.

The Womanless Beauty Pageant got its start as a Prom Committee fundraiser, but quickly evolved into a campus-wide phenomenon. Prom Committee members sold tickets for the quickly, yet efficiently organized event for \$2 each to offset the cost of Prom 2006. Support was rallied by Mrs. Harkleroad, the committee sponsor, for male faculty members to masquerade as women for this comedic extravaganza. Teachers and prom committee members helped contestants get prepared in the "dressing room" (the locker rooms), decking them out with wigs, makeup, dresses, and high-heels. Each of the nine participants strutted their stuff to a pre-selected song; titles ranged from "Laffy-Taffy" to "Barbie Girl". Three judges carefully eyed the contestants as they listened to their responses to Miss America-style questions such as "Describe your perfect date night" and "What does the title of 'Miss Womanless' mean to you?". Many of the men answered with the typical "world peace". Students enjoyed the show, several teachers and coaches got a chance to display their fashion sense (or lack there of), and the Prom Committee raised much needed funds.

One small step for man, one giant leap for mankind.

Working Hard or Hardly Working?

Many Students at St.Martin High School have jobs. Some grab up a summer job for an extra-bit of cash, but most have year-round jobs. One of the biggest responsibilities of students is not only juggling school work, but handling a part-time job. Although a job may be stressful or aggravating, anyone can have a little fun on the job. Whether it is simply joking around with a customer or goofing off with a fellow employee, having fun makes working a little more interesting. Working hard is what St. Martin does best.

1. After taking an order, Jasmine Straight is getting ready to prepare the order at Popeye's in Ocean Springs. She works with Jacinta Gibson and Nichole Dellinger. Jacinta has been working at Popeye's for two years. 2. At McDonalds in St.Martin, Brittney Triplett, KiAro Bridges, and Greg Payton stop to smile for the camera during a dinner rush. KiAro is getting the fries ready to put into bags while Brittney is waiting to hand out the orders as they are being completed. Greg is in the back cooking delicious double cheeseburgers. 3. Fayards employees, Cristan Leach and Cassie Hughes, are working on the registers while Ashley Cassidy is bagging. Haley Roberts is running a check for Cassie's customer. They also work with Matthew Bennett, Rolland Reeves, and Cody Seymour. After Hurricane Katrina Matthew, Cristan, and Ashley worked 14 hours every day for a week.

Life Skills

Making our way to the top!

The functional skills classes are involved in the summer, fall, winter, and spring Special Olympic games. Students compete in basketball, soccer, football, and their biggest event, swimming. Although Hurricane Katrina kept them from competing in the summer and fall games, they still plan on going to state and competing. Additional class activities include weekly trips to Walmart, the bank, Sam's, and the bowling alley with the 8th and 9th grade Physical Education classes. Valuable lessons on handling money, organizing what snacks to sell at break, and managing time are objectives on these excursions. The students also sell Otis Spunkmeyer cookies at break; however, after Hurricane Katrina hit, they had to sell the cookies in front of the office. No matter what obstacles may come, functional skills will make their way to the top.

1. Raini Stroker and her date take a picture in front of the tropical theme backdrop at prom. The two went to Olive Garden, and then rode to prom, where they took many pictures and danced the night away. 2. Christian Kopszywa laughs at Coach Rankin as he talks about an event that happened at lunch duty that day. Christian enjoys hearing Coach Rankin's stories. 3. Megan Weimer throws away trash outside of the blue building cafeteria. She picks up after other students everyday because she loves to help clean up her environment. 4. Martin Mason is being tickled by Phong Dang while waiting for their bus to arrive. Martin quickly turned the tables and began tickling Phong after Phong stopped tickling him.

5. Joseph Foune sings to students outside after he eats lunch. Singing is one of Joseph's favorite activities because he loves to see a smile light up the face of the person he is serenading. 6. Students of functional skills stand outside the classroom before going to lunch to take a group picture. The students are Thomas (T.J.) Applehans, Janie Terry, Joseph Foune, Raini Stroker, Justin Brown, Paulina Nguyen, Phong Dang, and Christian Kopszywa. 7. Christian Kopszywa reads a book about Santa Claus to Mrs. Puzd during third block. Christian reads everyday before he lays down to take his daily nap. 8. Paulina Nguyen enjoys a pedicure at Hair and Nail Creation as she waits for her friend, Raini Stroker, to finish getting her hair done. Paulina loves to hold conversations with the friendly members of the beauty salon staff. 9. Senior, Janie Terry, researches information on the internet before she ventures to lunch. Her favorite internet research topic is music because she loves music and singing. 10. Thomas (T.J.) Appelhans enjoys a quick snack while he and Coach Rankin discuss what he wants for Christmas. Thomas is not sure what he wants, but he knows he wants something good.

Janie Terry is one of only two seniors in the Life skills class this year.

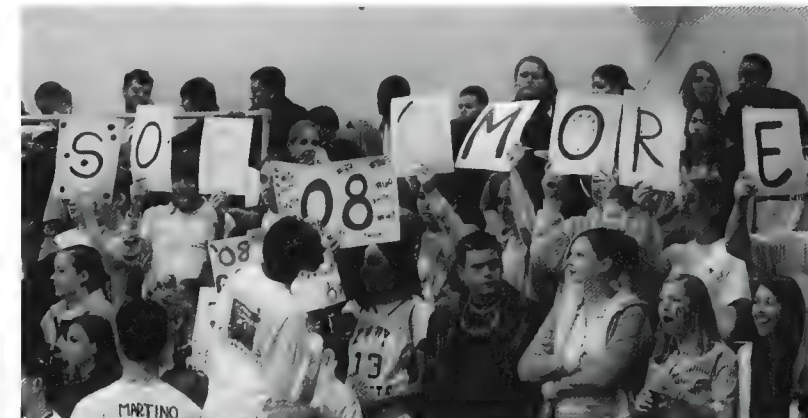

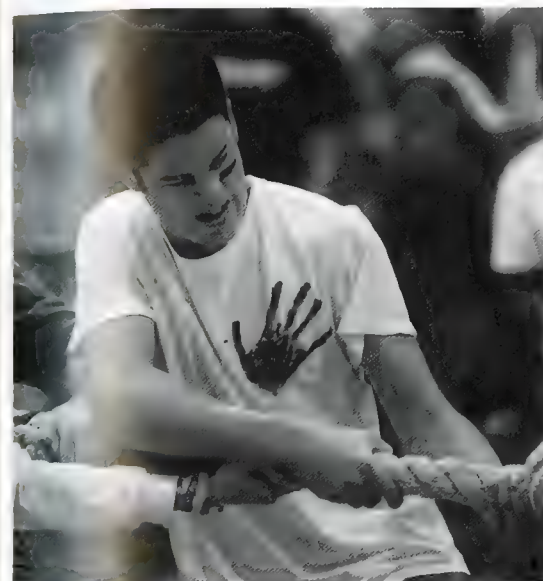

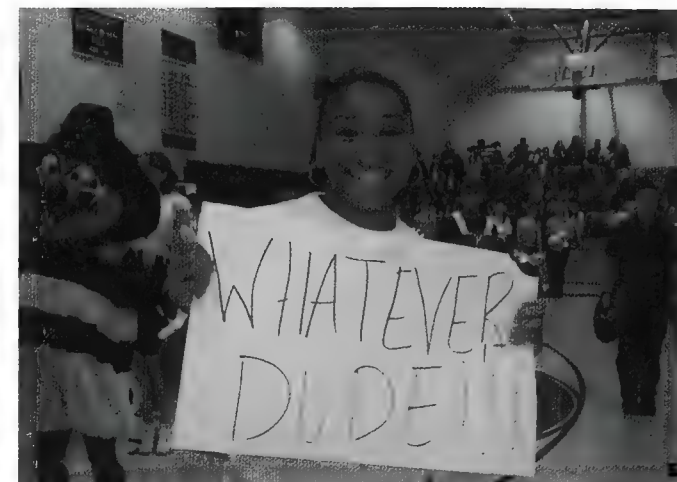

Phong Dang is the second of only two seniors in the life skills class this year.

Gettin' Ready To

St. Martin students have never failed to show their school spirit, but this year brought us to an all time high. The spirit olympic competition started with a bang as seniors, juniors, and sophomores fought to win spirit points. The cheerleaders and dance team performed cheers, skits, and dances to get the students and teachers pumped up, while band members marched onto the field full of school pride. Proud to wear the "blue and Gold", the football players sprinted onto the field ready to pummel the opposing team they would face that night. The students' spirit never wavered because in the end we knew victory was ours.

1. The students can not contain their jacket fever as they cheer in the stands with posters and shakers in hands. 2. Tronya Batey and Kerry Nguyen race to fill their plastic container full of water first in order to beat the Eighth Graders, Freshmen, Sophomores, and Juniors. However, in the end, the Freshmen came out on top. 3. Chantel Hilliard cheers as the football players ran on the field. With a pom-pom in one hand, and a shaker in the other, her school spirit could be heard from miles away. 4. Juniors have spirit and they let the whole school hear it as they join in the traditional "We've Got Spirit" chant.

5. Seniors? Is something wrong with this picture? Seniors try to organize themselves to spell the much earned name. 6. Senior Ta'Niya Wallace held up the sign "Whatever dude" when the seniors were not happy with who won the float competition. 7. Sporting his class of 08' Don't Hate t-shirt, sophomore class president, Travis Martino, puts all his strength into pulling the rope to win the Sophomore class spirit olympic points in the tug-of-war. 8. Caught in the excitement, Sophomores hold up their letters, proud of their name. But where is the "H"?

Making

All of the candidates for class officers were required to make a speech which was filmed the week before elections were held. The speeches were presented on television during first block the day before the elections were held to help students decide who they wanted to vote for.

1. Jonathan Nowacki says that the hardest part about making your speech is thinking of what to say. 2. Rebecca Washum ran for junior class president. Her campaign theme was "Join me in the revolution!" 3. Michelle Misko, who ran for junior class vice-president, says, "Videotaping my speech was the scariest experience I've ever encountered." 4. Chris Baughman's hair is his signature trademark, which kept getting in his way while filming his campaign speech. 5. Jacob Poelma and Heather Bourque support Devyn Hill, who ran for sophomore class vice-president. 6. Sophomores Sara Linger, Justin Mellish, Capri Abdo, and Connor Favreau, all of whom ran for a class office, are engaged in a friendly debate about various issues involved with class elections. 7. Seniors David Kuehn and Casey Hill acted as camera-men when election speeches were recorded. The taping took place in the library where the announcements are filmed. 8. Michelle Santa Cruz supports Jeff Windham's campaign for senior class president.

Choruses of "vote for me" echoed through the poster-filled hallways during the weeks of campaigning leading up to the class elections. Seniors, juniors, and sophomores ran for the offices of president, vice-president, secretary, and treasurer. The positions of secretary and treasurer were originally combined, but due to the turn out of students running for the office, they were separated into two. To run for office, one is required to fill out an application consisting of a written essay, three teacher recommendations, and twenty-five student signatures. Competition was fierce in the weeks before elections. The hallways were covered with flyers claiming that each person would serve best at their office. Although some candidates chose the more orthodox "vote for me," others picked a variety of colorful slogans. Many candidates rode on the success of the recently popular "Napoleon Dynamite", which features a class election in which the character of Pedro runs for class president. Others borrowed themes of "Tony the Tiger", "got milk?" and even "Scooby Doo", while still others passed out ballpoint pens, fortune cookies, and plastic buttons plastered with campaign messages. Prerecorded videos of election speeches were shown the day before voting. The candidates promised more spirit olympic points, better homecoming floats, and a more involved class. When the day of elections finally arrived, students, some nervous and some confident, cast their votes. Even after the results were announced, students were still in suspense, for there were five run-offs. Voting for the run-offs was delayed due to Hurricane Katrina, but when students returned to school, votes were quickly cast and tallied. At long last, the voting was through and it was time to get busy with running the student body.

The sophomore class has ended the first chapter in high school, and is now making its way to the final step. Friends help each other make their way through high school. These are the people that compose our memories of childhood, adolescence, and becoming adults. They are involved in every aspect of our lives; they have seen us through every emotion, trial and tribulation, success, and pinnacle. Every friend brings something new and exciting into our lives. Sophomore year is the best time to figure out who your true friends are. When you look for a friend, you want someone who you can talk to, be yourself around, love like a brother or sister, feel accepted around, and share high school memories with. Friends are like food, they are all the same but totally different in their own way. Sophomores should take every chance they get to meet and greet new friends; nevertheless in the end, friends will be the ones who will see you through your high school years.

Ellen Blair was invited to a convention in Washington to hear Dr. Watson speak.

The race is on ... only one lap to go!

Over the years we have grown so much. This year we are juniors, which is unbelievable. We have made it this far, and all we have left is one more year, one more time around the track. The seniors are a lap ahead of us, while the sophomores are a lap behind. Although this year has been tough and we have had a very large obstacle to overcome, nothing can stand in our way to cross the finish line. The class of 2007 is making their way to complete the race which starts the beginning of another. On your mark...Get set...GO!!!

Brittany's paper is on nursing, while Ricky's paper is on culinary arts. They are not sure when it is due but a lot of hard work is anticipated. **7.** Joey Westbrook, Thomas Brejack, and Jeremy Torries give some advice to sophomore, Zach Waldrop, about the pros and cons of high school, what to do and what not to do, and how to handle certain situations. **8.** Dimitrius Davison demonstrates a few of his moves on flashback day showing us he definitely has school spirit. phomores, the class of 2006 almost had no pulse regarding school spirit and school leadership. Throughout their junior and senior year, the class of 2006 has developed into a class that exemplifies both. The senior class has had a senior year like no one has. Class of 2007

1. Juniors, Barbara Fountain and Shane O'Keefe, show their spirit during Basketball Homecoming Spirit Week. 3. Juniors show their spirit at the Ocean Springs pep rally. As Juniors, the class of 2007 only has two more years to leave a lasting impression and they didn't let this opportunity pass them by.

4. Junior Class President, Thomas Bocek, carries spirit signs to distribute to the junior class. He led the Juniors to a win with the "Burnout the Tomcats" Homecoming float theme.

5. Justin Jones escorted Lindsey Black to prom 2005. The theme, "A Moment in Paradise," truly fit the moment that they shared a dance at the Gulf Hills Resort. **6.** Charita Hilliard, Keisha Sanders, and Kendra Washington took a break from dancing to smile for the camera. **7.** The Marine Aquatics class went on a field trip to Ocean Springs National Seashore. The smiling duo, Corey Bennett and Roland Reeves can hardly contain their excitement. **8.** Twist members, Natasha Thomas and Ariana Bryant wait for the music to begin, as they compete in the school talent show. Their hard work paid off. Twist won first place out of 10 acts.

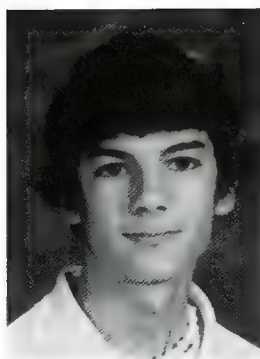

9. Kasey Emery talks to a reporter from the Mississippi Press about the dresses that were sent from Oklahoma. **10.** Amanda Cox, Mary Shields, Sarah Falks, and Lindsey Freeman show off their twin style. While Amanda and Lindsey sported the school girl look, Mary and Sarah choose to go with the school colors. **11.** Lindsey Black, Emily Lukens, Barbra Jablanski, Amanda Montgomery, and Angela Fountain show their school spirit on Hillbilly day during football homecoming week.

12. Michelle Misko stands at the homecoming pep rally waiting for instructions on what cheer to get ready for. **13.** Juniors break it down at the Homecoming Pep Rally against Stone County. With shakers, pom-poms, and the school colors proudly worn, Juniors get ready to "Burnout the Tomcats".

Faculty

1. Showcasing their school spirited Jacket pride, Ms. Thompson and Ms. Puzze take a break from class to enjoy a pep rally with their enthusiastic life skills students. **2.** Mr. Williams and Mr. Clement take a well deserved break from the exhausting court action taking place at the Student/Faculty basketball game. They proudly exhibit their current status as the winning team by giving the camera the "We are number one!" gesture. **3.** Mrs. Fayard stares intently, concentrating hard on the square in the backboard to shoot a free-throw. She is considered to be an important asset to the faculty team because of her legendary stature. Her current height is 6'3" without added height extensions, such as high heels. **4.** Dr. Holloway challenges the students with an air of confidence to step up their game after successfully scoring numerous baskets.

On the court side he handed each mom of a senior basketball player a red rose. **6.** Mr. Simpson and Mrs. Simpson enjoy a mid-day break while at lunch duty together. **7.** Mrs. Pate examines a jacket donated by Melbourne High School located in Florida. **8.** Mrs. Perkins and Ms. Lishman observe the Student/Faculty basketball game and cheer on their fellow faculty peers. **9.** Michelle Fuller applies the final touches to Mr. Richardson's makeup for his appearance as Shanaenae in the womanless Beauty Pageant. **10.** Dr. Holloway and Dr. Amacker accept a gesture of storm recovery funding from the Dupont/DeLisle Plant Manager. **11.** Mr. Walker, Mrs. Pate, Mrs. Perkins, and Mr. Powell celebrate Mardi Gras Day during Basketball Spirit Week. **12.** Mrs. Hawthorne and some members of the Prom Committee examine dress sizes

of the Prom dresses donated to the students from Sue McDavid. The dresses were categorized according to the sizes. This way it would make the process of finding a dress easier for students.

13. Mrs. Teates and Mrs. Jellum enjoy a refreshing cool breeze on the balcony at Gulf Hills Resort, during Prom. The theme of last year's prom was A Moment in Paradise.

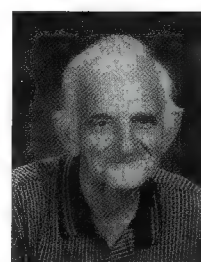

Coach Miller suspects that an evil spirit on a street, in his hometown, is waiting to do him in.

The Cafeteria Staff

Making their way through 3 lunch periods

1. The Cafeteria Staff: Dana Rogers, Patricia Pierce, Mary Miller, and Kim Francisco. The Cafeteria Staff prepares breakfast and lunch for three lunch periods each day. 2. Erica Miller and Jacob Poelma enjoy their break from third block during second lunch. Erica enjoys her favorite dessert item, a delicious cherry danish. 3. Emily Drawdy, Lindsay Freeman, and Amber Yarbrough gather during second lunch to find nourishment but also to socialize. 4. Bryan Brumit takes a bite out of a chicken tender that is part of his favorite meal offered in the cafeteria. He also enjoys a yeast roll and some applesauce, two of the sides that accompany the meal. 5. Although the cafeteria offers lunch, some students, like Corinne Brown, choose to bring their own lunch in a brown paper bag. Shane Maguire decides to take advantage of the meal prepared by the cafeteria staff. 6. Ms. Kim Francisco serves sophomore Bobby Rhodes animal crackers to go with his fish burger. Bobby hurriedly takes his tray as he is anxious to sit down and enjoy his meal.

6. Elizabeth Lam, Jessy Nguyen, Kelly Nguyen, Monica Pham, and Phoung To have lunch together every day. They like to study and catch up on their school work at lunch. 7. Michael Sherman opens his chocolate milk to begin his lunch, which consists of chicken tenders, a roll, a banana, a danish, and an apple juice. Hailey Carr asks Micheal a question about her sociology homework. The two usually eat lunch together. 8. Meaghan Spiers and Reachel Parker walk together to dispose of their lunch trays. 9. Hurricane Katrina

A day we will always remember

On August 29th, 2005 the Mississippi Gulf Coast was forever impacted by Hurricane Katrina, the biggest natural disaster in the nation's history. 125 mph winds tore through Florida, Alabama, Louisiana, and Mississippi. Homes and lives were shattered by the destructive force.

Hurricane Katrina has also greatly affected our school and community. Two out of six St. Martin Schools were heavily damaged from the disaster. Students could not return to school for a month due to damages. When the students returned, the schedule was temporarily changed with school starting at 6:55 A.M. and ending at 12:05 P.M. Through it all, SMHS students will always have the heart and drive that makes them Yellowjackets.

Michelle Misko has gone through four cars this year

1. The Biloxi/Ocean Springs bridge was not able to withstand Hurricane Katrina's powerful winds and high tides and collapsed under the immense force. Talks about a higher, eight lane bridge are in the process. 2. Prom Committee members sort and size through dresses donated by Sue McDavid from Oklahoma. Ms. McDavid organized dress drives throughout the malls in Oklahoma. 3. St. Martin Middle School, along with St. Martin Upper Elementary School, received excessive damage and is considered not suitable for students to attend school anymore. When students first returned back to school, they had to attend the high school. The schedule had to be revised with the high school students attending school from 6:55 A.M. to 12:05 P.M. and the middle school and upper elementary students attending school from 11:30 A.M. to 5:30 P.M. Preparations for a new middle school have been started and are scheduled to be completed in 2008. 4. Students from Highland Academy, School of Gymnix, traveled to local schools in disaster areas to help raise students' spirits and to show the importance of being drug-free. This was all of the students first year of gymnastics. They also had to sign a contract promising they would remain drug free while performing throughout the year. 5. The Hard Rock Casino was heavily damaged due to the storm. The casino was scheduled for their grand opening the Thursday after the storm, having famous bands such as 3 Doors Down to perform, but plans were put on hold. Hard Rock's two million dollar guitar made it through the storm. The way the guitar was placed from the side made it able to withstand high speed winds. 6. The Middle School and Upper Elementary children now attend school next door in trailers. Since they do not have trailers large enough to fit everyone for lunch, they have to utilize the high school's cafetorium. 7. Hurricane Katrina is considered the most costly storm in our nation's history, totaling over 75 billion dollars in damage. Hurricane Katrina was also the largest storm in our nation's history causing damage in over five states stretching over a hundred miles.

Technology

The wave of the future

Whether you want a career in the medical field or learn how to network computers, Vocational Technology may be for you. Many students from our school travel to VoTech in Vancleave each day to learn one of seven skills taught there. Each course is a year long class that is taught on a 2 year program at the Jackson County Technology Center. St. Martin, East Central, and Vancleave all share the VoTech center. Each year the 9th grade students visit the VoTech center to help decide if they would like to take one of the classes.

MAKING THEIR WAY TO THE STAGE - PERFORMING ARTS

"The show must go on!" This old adage was the unofficial motto of the performing arts departments of choir and drama for the 2005-2006 school year. The five week break from school following Hurricane Katrina prevented the commencement of many crucial rehearsals. But, when met with adversity, these students staunchly refused to give up. For example, the drama department had originally planned to perform Everyman for the competition piece. The absence from school forced the play selection to be changed to the much smaller casted Brighton Beach Memoirs. This change proved to be very beneficial, however, because when the team brought their show to the state's International Thespian Society competition, they won second place overall. The choir also faced challenges, but they, too, benefited, as seen by their Superior ratings at the February 21 district competition held at Gautier High School, the March 4 Puckett Choral Festival, and the March 23 state competition at Pearl High School.

CHOIR

1. Jennifer Mosley, Risa Seymour, and the rest of the show choir perform a new spin on the classic "ABC song" called "Alphabet Soup" at the December 15, 2005 concert that was originally scheduled to be performed in the fall, but had to be pushed back due to the hurricane. **2.** Brandon Mullen, Daniel Parkman, and Jacque Odom, along with the other male choir members, perform their part in "On the Willows There" from the musical Godspell. **3.** Mr. Tomlin gives an opening address to the audience before the concert begins. The concert took place in the Blue Building cafeteria. **4.** Show choir members Jhea Paler, Kesta Redding, Risa Seymour, Amy Knain, Sara Linger, Desiree Rodriguez, Bliss Leger, Remelyn Toyongan, and Jennifer Mosley each strike an individual Chicago-type pose while singing the song "Turn Back, Oh Man," from the musical Godspell. **5.** Soloist Bliss Leger enthusiastically sings as the choir sings back-up behind her, incorporating choreography for the show-stopping number performed at the end of the night, "Operator".

Dean Mattina has been in the choir every year since eighth grade.

6. Jacob Poelma, Nick Halula, Ray Smith, Elijah Smith, Jesse Becker, and Dean Mattina pose at the Mississippi Theatre Association's regional festival. **7.** Sara Linger and Amy Barnes display their first place medal earned by performing as Stella and Blanche in a scene from Tennessee Williams' A Streetcar Named Desire, for the Duet Acting competition at Miss. Theatre state festival. **8.** Chris Williams and Amber Willard, theatre class students, perform in a play called Faith, Hope, and Love, a story of the Hurricane Katrina journey. **9.** Mrs. Dawson holds up one of the many extra costumes found backstage during the backstage cleanup day.

10. MAKING THEIR WAY THROUGH THE WOODS: CROSS COUNTRY

There is quite often oppressive heat and humidity in Mississippi, and gnats and other pesky bugs around wooded areas, but there is also the exhilarating feeling of the cool breeze on a sweat-drenched face and legs pumping to keep the strength and endurance necessary to get through the race. The indescribable thrill of victory when you cross the finish line and hear the crowd's eager and anticipating silence turn into wildly excited cheers makes it all worth while. The cross country team here at St. Martin was certainly able to experience that thrill of victory, as evidenced by their third place win in All-District. Senior Matthew Spicer also received All-District at the East Central All-District Meet. The cross country team attended four meets, including one at East Central, one at Ocean Springs, the district meet at East Central, and the state meet in Jackson at Choctaw Trails at Mississippi College.

goals

The girls began their training in early November. Due to the hurricane, they had to find an alternate field to practice on because the Middle and Upper Elementary Schools were utilizing their practice fields as remote locations. Making do with what they had, the team practiced in front of, or beside the school using the trees and other natural surroundings as their goals. The girls played great and did not quit. They did not allow the hurricane to ruin their great season.

Despite the fact that the team will be losing eight Seniors, the remaining teammates will continue to succeed and have another season as successful as this year.

The undefeated *Lady Jackets* take full control

The 2005-2006 Girls' Basketball Season was definitely a season to remember. More fans than ever gathered together every game to support the Lady Jackets. The girls had a perfect season, winning 29 of 29 regular season games, and receiving the District Championship trophy. No matter which team on the coast challenged the ladies, they were prepared for anything and everything. Thanks to the fans in the stands, Coach Fortenberry's coaching, and the team's teamwork, winning was possible and present. Way to go Lady Jackets!

4. Junior, Kendra Washington, dribbles with confidence and makes her way down the court. 5. "Squad Up!" The 2005-2006 Lady Jackets get crunk for the game against d'Iberville. The ladies do this before every game because it builds confidence and showcases team work. 6. Frustrated and out of breath, Natasha Thomas gives a referee a nasty look to disagree with the call he just made on St. Martin. 7. The 2006 District 7-4A Champs are the St. Martin Lady Jackets. Miranda Lamey won a 500 dollar scholarship to Perk, the school she will be attending in the fall, on Bulldog Day

The Fastpitch Softball team's season started off rough but these determined girls pulled together as a team and began playing the way the know how. The six seniors spent a lot of time guiding the underclassmen. Next year will be one of growth because there will likely be no senior representation. The Lady Jackets will have many fond memories of their fun times on the field of play.

4. Cristian Leach gets ready on second base for the hit, by getting her glove ready and taking a prep step. Her favorite play to assist in is a double play. **5.** The Lady Yellow Jackets all stand in position as the National Anthem is sung before a home game. **6.** Ashley Cassidy pitches the ball to the Picayune batter as hard as she can for strike number two. She has been pitching since the ninth grade. **7.** Leslie Williams, the center/right fielder hits a line-drive between the short-stop and third baseman for a single. She was the lead-off batter for nearly every varsity game. **8.** Angelia Jones, with a face of concentration, gets ready at short stop as the batter approaches the plate. Angelia will be attending Mississippi Valley on a fast pitch scholarship in the Fall, along with Ta'Niya Wallace.

Ashley Cassidy was the starting varsity pitcher for every game with the exception of three tournament games.

Taking it to the Track

SMHS Track Team

The 2006 Track Team may have been few in participants, but they were certainly high in talent. Because of Hurricane Katrina, many high school tracks were destroyed causing the Yellowjackets to participate only in three meets. Despite the difference in the number of St. Martin's teammates and the other teams' teammates, the jackets kept up with some of few events in the process. Whether freezing, or humid, St. Martin's track team is always ready, set, and prepared to run.

1. Tronya Batey, Alyssa Bradely, Lauren Vuyovich, Coach Hawkins, Katie Watson, Jacinta Gibson, and Jasmine Straight all compete on the girls' track team. 2. Coach Gregory, Daniel Bourdon, Erik Davis, Silas Scarborough, Matthew Spicer, Ashton Norton, and Michael Britt compete as the Boys' Distance Runners and Field Event Participants. 3. Brandon Walker, Rodney Jones, Jacque Odom, and Joseph Pullins are the sprinters on the Boys' Track Team. 4. Jacinta Gibson, Katie Watson, and Alyssa Bradely run hard to train for the upcoming track meet.

5. Katie Watson and Hillary Mendoza push for those last few steps. 6. Coach Gregory tries to keep up with Stephanie Trevenio 7. Lauren Vuyovich warms up before running a few laps to prepare herself for the meet. 8. Matthew Spicer, Erik Davis, and Ashton Norton warm up for sprints. 9. Coach Gregory looks tough while supervising the track team members. 10. Daniel Bourdon, Michael Britt, Ashton Norton, Erik Davis, Matthew Spicer, and Jacque Odom take a quick breather.

Nick Mastro plans to own an Italian restaurant.

Emily Lukens has won several awards for building card houses.

Baseball

MAKING THEIR WAY TO HOME PLATE.

1. Clarence (Chip) Quave, Chad Carpenter, and Roland Reeves are cheering on the baseball team by making some noise to distract the pitcher. **2.** Ryan Allen is up to bat attempting to get the baseball team more runs to help win the game. Ryan Allen plays left field. His favorite professional baseball player is Jorge Posada. **3.** The seniors of the 2005-2006 Baseball team: #5, David Kuehn, #19, Ryan Allen, #23, Drew Aucoin, #10, Michael Sherman, #1, Andrew Fleming, #13, Danny Myers, #27, Clarence (Chip) Quave, and #15, Chad Carpenter. **4.** Chad Carpenter is making a catch in right field while Corey Groue is assisting him to make sure the ball is caught. If the ball is not caught, Corey can throw it in and try to make the out. **5.** Andrew Fleming is pitching against the Forrest County Aggies. At this game Andrew had eight strike outs and four walks. **6.** Corey Groue is batting against the Long Beach pitcher. Corey, a Sophomore, is the second base starter on the SMHS Varsity team.

7. Corey Bennett is on first base at the Long Beach game. The first baseman has the responsibility of keeping the runner from stealing to advance to second base. **8.** Matthew Bennett is on first base after getting a base hit. Coach Letort tells Matthew what he thinks the pitcher is going to do. **9.** David Kuehn looks at Coach Marsland for signals so the pitcher will know what pitch to throw next.

10. The 2005-2006 St. Martin Baseball team: Top Row: David Kuehn, Andrew Fleming, Roland Reeves, Travis Crabtree, Brett Spicer, Phillip Hardy, Corey Bennett, Clarence (Chip) Quave, Chad Carpenter, Matthew Bennett, Middle Row: Drew Aucoin, Ryan Allen, Michael Sherman, Chris Stansbury, Chase Tibbler, Danny Myers, Coyt Hebert, Bottom Row: Kyle Fountain, Corey Groue, J.C. Cassidy, Justin Shoemaker, Jordan Helveston.

11. The St. Martin Baseball team return to the dug-out after a pep talk from Coach Williams. The team does this after every inning when they come in to bat so they will know where to hit the ball and what they need to do when they get on base.

12. Michael Sherman takes a lead off first base. Michael is doing this so he can get to second base quicker, but he has to watch the pitcher to see if he throws it back to first for an out and look at the coach for signals to steal or stay.

Drew Aucoin covered himself in Crisco oil when he was six years old

When Coach Rankin pitched in high school he only lost one game

TENNIS

Serving up the best season

1. The St. Martin High School Tennis Team: Row 1: Katie King, Amy Simpson, Lindsay Freeman, Mattie Mallette, Jordan Randall, Anna Venus, and Hannah Weems. Row 2: Erin Kenna, Sarah Falks, Lauren Waldrop, Katherine Blair, Ellen Blair, and Kara Wellman. Row 3: Jordan Webster, Charles Tucei, Justin Mellish, Matthew Wright, Shane O'Keefe, Jason Mellish, Jason Simpson, and Coach Neaves. **2.** Jordan Webster and Matthew Wright show their love for the game and their spirit of team work by striking a pose before their district match. **3.** The tennis team enjoy each other's company before their district match against Forrest County. **4.** Ellen Blair silently challenges her opponent to make a move. **5.** Jordan Randall gets into her ready stance as she waits for a serve.

The SMHS Tennis team is really giving it their all this year. They are all driving and pushing themselves and each other towards their goal of the best tennis season yet. Coach Neaves is taking the reigns by whipping his team into shape as they all come together as a team to work their way towards their ultimate goal of winning state.

An Un"fore" gettable Season

The Golf team is heating up the greens! Though golf can sometimes be a tedious sport, these players know how to have fun while they're putting. With win after win, their spirits stay up and their losses stay down. The SMHS Golf Team will continue to have a successful year!

1. Senior Golf team members Kenny Perry and Myles Seymour. **2.** The 2005-2006 St. Martin High School Golf team: Row 1: Chad Hopkins, Ross Neel, Justin Wetzel, Myles Seymour, and Stuart Johnson. Row 2: Coach Ross, Patrick Grey, Travis Martino, Devin Murphy, and Kenny Perry. **3.** Junior Justin Wetzel and Sophomore Travis Martino go head to head, showcasing their golf skills at the Gulf Hills golf course.

Matthew Wright placed 7th out of 50 contestants for the Art Portfolio Contest at Mississippi State University.

Richard Humphreys has ten different species of snakes.

Power

The Powerlifting team takes lifting to another level.

The 2006 Powerlifting Team may have been low in participants, but they were certainly great in strength. Michael Britt, Alex Tourville, Keith Witiker, Josie Waites, Clint Lamey, and Jacob Bogard make up the determined and well-trained team. The boys practiced every Monday, Wednesday, and Friday after school before the season began. At the District Competition in St. Stanislaus, the team did very well overall and each member of the 2006 Powerlifting Team placed 5th or higher in their weight class.

Sheri Zimmerman performed in a drag show in Mobile, Alabama as 'Glennda' from *The Wizard of Oz*.

1. Michael Britt is powercleaning. He placed 4th at the District meet in his weight class out of 25.
2. Junior, Keith Witiker, is powersnatching. Keith says, "I enjoy playing football, and I chose to participate in powerlifting to stay in shape and gain strength."
3. Sophomore, Jacob Bogard, takes a quick powerade break and shows off his muscles.
4. Junior, Taylor Capers, lifts the bar with ease. His main focus is to stay toned up for the competitions.
5. Sophomore, Josie Waites, placed 2nd in the 150-156 weight class at the District Competition. This is Josie's first year on the team.
6. Alex Tourville gets ready to do snatches. Alex placed 5th in his weight class at the District Competition.
7. Clint Lamey is placing more weights on the bar. Clint placed 4th in the 150-160 weight class at the District Competition.

Vicky Hebert, Coyt Hebert's mother, prepares her order. **4.** Amy Humphreys and Megan Blackman enjoy pizza at their party for selling Hurricane Katrina DVDs.

5. Matthew Lizana gladly takes the ticket to the Sadie Hawkins Dance out of Amy Humphrey's hand. The Seniors put on the dance to raise money for the Senior class. Wade Shoemaker counts the money that they have already made. **6.** Barbara Fountain takes money from a customer at Cruthirds country store. **7.** Students of all grades file through the gymnasium doors to find a seat in the bleachers for the talent show. **8.** Casey Hill hands out lunches to the students in Mrs. Windham's first grade class at St. Martin East Elementary. **9.** Paulina Nguyen and Mrs. Christine Thompson prepare for the overwhelming crowd at break. The two are seated in the courtyard where they sell freshly baked cookies to students. **10.** Larry Dandrow, owner of Sunset Photography, photographs Cassie Hughes at the Beauty and Beau Pageant. Although the storm forced the temporary closure of the studio, Sunset quickly reopened its doors on Hwy. 57 to meet SMHS's photographic needs.

11. Mrs. Suzi Hinton, Mrs. Jody Cummings, and Mrs. Stacey Carroll make sure each day at SMHS runs like clockwork. **12.** Shaun Smith doesn't look too sold on the idea of giving blood, but he knows that the need for donors is great and that his contribution will be put to good use.

We cried tears of happiness the day you were born. We cried tears of sadness the first day you went to kindergarten. We cried tears of happiness because you were so innocent the day you made your first communion. We cried tears of confusion the day you became a young man and started to shave. You were the only boy in 6th grade with a mustache. Ha! We cried many times worrying about you getting home safely at night. Now we cry tears of all these emotions because you have grown to be such a handsome and very intelligent young man. We are so proud of you and hope that you keep everything you've learned and take it with you on your journey into adulthood. We will cry many more tears for you, but it's because we love you so much.

When your mother and I got married 14 years ago I got not only a wife but a beautiful precious little girl. We agreed from the beginning that we would raise you so you could be independent and not have to rely on anyone to support you. We were hard and strict on you sometimes but it made you the strong and independent person you are today. We watched you grow from a little girl who had over 20 Barbie dolls and a doll house to a young woman who competes in beauty contests and goes to prom. We were always there when you needed us to help you and we will always be there for you. You started out to be a special little girl and you will always be no matter how old you get. Now that you are graduating from high school you will be starting your own personal life and doing a lot of exciting things. As I sort through pictures, trying to decide which ones to send, I'm also made to realize just how fast the years went. It seems only a year ago "Mrs. Jo" was giving you a diploma and now it's time to get your real one! Follow your dreams and let no one stop you. When you get the choice to sit it out or dance...Dance! Heidi Jablanski

Heidi, what can I say at this important time in your life? I only hope you can enjoy it because it is something that only happens once and you can never get it back. You are my first born child, so I've experienced many firsts with you and now here is another one; GRADUATION! I'm proud of you for the grades you've made on top of holding down a steady job over the last couple of years. I also want to thank you for changing my life for the better, 3 years ago when you moved in with me. It was a challenge to me to have my teenage daughter want to live with me and although many people doubted it would work out, we proved them wrong. Thanks for being a good kid. I added the pictures of Grandma and Grandpa so that you'd never forget them. They would have been proud of pony tails that I did all the time when you were little. I wish you all the best in your future endeavors. Once again, I'm proud of you and I LOVE YOU! Dad

Wow! It's your senior year already. I don't want it to end. What will I do next year without you by my side? It just won't be the same. Although I will feel alone my senior year, I know that wherever you are at, you will only be a phone call away. We finally got to share a class this year. That was fun. Thank you for making me feel welcome when I moved in with you and Dad. I know it was hard to accept but I hope you enjoyed us living together as much as I did. I know that whatever you do in life, other people will come and go but I will ALWAYS be here for you when you need to cry, vent, gossip, or just talk to someone who loves to hear you talk. I am so glad to call you my sister, my role model, my shoulder to cry on, but most of all, my BEST FRIEND. Thank you for always being there for me when I needed you. Thanks for just being You! Good luck with everything you do. You deserve only the very best things in life. I love you so much Heidi!

Love, your favorite sister

It's here. Where did the time go? Your
life began on February 28, 1988. I was
the happiest mom in the world that day.
Four boys and finally "my little girl". The
caboose of our family train. We
brought you home and I just couldn't
put you down. Your brothers had a
blast with you. You were their guinea
pig for everything. Through the years
I've watched as ya'll have bonded and
became closer and closer each year.
Each of you has a very special place in
my heart and yours is right in the middle
surrounded by them. You have
touched my heart in so many ways and
made me proud to be your mom and
you my daughter. We've had our
disagreements but we have survived.
You and I are a team. Now my "baby
girl" has grown to be a mature lady. Be
smart, strong and kind. Never let
anyone tell you "you can't". Always try.
Follow your heart and dreams and live
life to the fullest. ALWAYS know that it
doesn't matter where, when, how, or
why..... just call and I will be there.
Love Always,
Mom

It just seems like yesterday you were born and in the blink of an eye, a 2006 graduate. We could have never imagined God blessing us with such a kind-hearted, loving, responsible young man. The only thing we have always wanted for you is what's best and we are so proud of all the choices that you have made. You are now beginning a new journey in your life. You have so many opportunities ahead of you and we will be there for you every step of the way. Live life to the fullest potential and all of your dreams will come true. Keep your head held high, reach for whatever you want in life, believe in yourself, and you will succeed. We love you with all our heart.

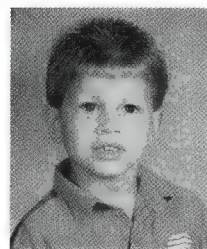

Love, Momma and Dad

Derrick,

We were blessed when God chose us to be your Grandparents. You have brought happiness and pride into our life. We have watched you grow and learn from birth into a fine young man. To NaNa, you were my sunshine each day. You have always been PawPaw's shadow. From a baby falling asleep on his lap while he was mowing, to his fishing buddy and now working the backhoe just like him. We love you and we are very proud of you. May God Bless you in all that you do.

To: Myles, My Special Angel, my gift from God...

Once upon a time there was a child ready to be born. One day he asked God, "They tell me you are sending me to Earth tomorrow, but how am I going to live there being so small and helpless?" God said, "Among the many angels, I chose one for you. She will be waiting for you and will take care of you." But tell me, here in Heaven, I don't do anything else but sing and smile - that is enough for me to be happy." "Your angel will sing for you and will also smile for you everyday. And you will feel your angel's love and be happy." "And how am I going to be able to understand when people talk to me, if I don't know the language that people talk?" "Your angel will tell you the most beautiful and sweet words you will ever hear, and with much patience and care, your angel will teach you how to speak." "And what am I to do when I want to talk to you?" "Your angel will teach you the way to talk with me." "I've heard that on the Earth there are bad people. Who will protect me?" Your angel will defend you even if it means risking her life." At that moment there was much peace in heaven, but voices from the Earth could already be heard, and the child in a hurry, asked softly: "Oh God, if I am about to leave now, please tell me my angels name." And God said: "Your angels name is of no importance. You will simply call her mommy." I love you, Mom

About 10 years ago, I filed in a small country church to hear my favorite girl sing in the church program. I was watching for your pretty face to come down between the pews. Tears streamed down my face the entire time you sang. All my heart kept telling me was "She is not a baby anymore". Now, you are not only just as beautiful, but more beautiful, if that was possible! I know that when you use "your wings" to fly, you will fly in the right direction because of the giving, caring person you have become. And always remember, Megan, THERE ARE ANGELS AMONG US!"

It's hard to believe it is your senior year. So much has happened. The school calendar changed due to Hurricane Katrina. This storm has changed the lives of everyone around the Mississippi Gulf Coast. The devastation has showed us what is really important and how our lives can change in the blink of an eye. You are such an important part of our lives. Krystal, you are truly a blessing from God and we thank Him for you being such an amazing young lady. You have so much strength that you're able to get through the hard times and lift others up and you also have such a kind, loving heart that gives so sincerely. We are so proud of you, Krystal. Since the day we found out we were being blessed with you, a special bond was created that will never be broken. To hold you in our arms and to be able to share our lives with you while we watch you grow into the beautiful girl you are now. It's the best feeling. We have enjoyed watching you take your first steps, teaching you to ride your bike, drive your truck, all the ball games, and now your graduation is here. We are happy for you, but we'll miss you as you proceed with your adult life. Your life is just beginning. We pray you keep your head up and keep striving toward your goals. Always keep your heart in the right place and don't ever lose your beautiful smile. You'll always be so special to us. We'll forever treasure being your parents. Through the laughter, tears, smiles, and frowns one thing will remain the same - our love and closeness we share as a family. We will always be here for you and will love you more each day. In addition to our love, you also have a brother and a sister that love you very much. Krystal, always know your home will be here no matter how old you are. We want to thank you for giving us the precious memories of having you as our daughter. As we grow old, we will have these memories to warm our hearts. You will forever have our love. We love you with all our hearts!

Kimberly, you have grown up to be a wonderful young lady. The years seemed to have just flown by. One minute you are in kindergarten, and the next you are graduating from high school. It has not been an easy road to travel. Just remember and know that as your Dad is looking down on you from heaven, he is as proud of his little girl as I am. Always remember that wherever you go and whatever you do in life we will always be there for you. Always keep a level head on your shoulders and you will go far.

Always remember that Dad loves you as much as we do. Love, Mom, Jim, Trey, the whole family, and from heaven, Dad and Paw Paw Elmo.

Although your senior year started out as a washout, it did a great turnaround. The memories of this year will stay with us forever. Of course there was Katrina, but we will never forget this year because of you. From softball games, to District Champions, from shopping queen to Homecoming Queen, you have made us very proud and your senior year will be unforgettable. There will be many more ups and downs in life and obstacles to face, but always remember, "Don't sweat the small stuff." May you always find happiness and may all your dreams come true.

We can't believe it's time for you to graduate. Where has the time gone? It seems like yesterday you were just born. You have grown up from such a beautiful baby girl to such a beautiful young lady that we are very proud of.

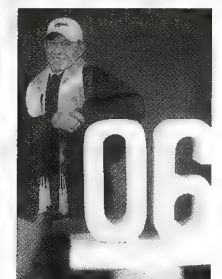

Watching you grow has given us so much joy and pleasure through the years. We have loved every minute of watching you play league ball, traveling ball, and most of all high school ball. We are very proud of you and all that you have accomplished.

Please always remember you can do and be anything you want and NEVER let ANYONE stop you or tell you different. We will always be here to give you support and most of all our LOVE!

We love you!!

Arrogant, presumptuous, self-centered, precocious, selfish and overbearing...Yep, I had it all. Then you walked into my life. I appreciate the fact that day after day and year after year you never gave up on making me the best person that I could be. Your patience and understanding each day, not necessarily agreeing but always complying, guiding and molding me to be better than I was the day before. Thank you for being the great son that you are, the light of my life, the reason I work hard to be my best, and for not only letting me, but also teaching me to be your mom. All my love!!!!

We love you,

This probably wasn't exactly the senior year you envisioned, but it was still a good one.

We've all learned the hard way that the most important things in life are faith, family, and friends. We've also been blessed to learn that we have the strength of all three. We've known from the moment we saw you that you would grow up to be among the brightest and the best, and you've never disappointed us. We wish only the best for you as you continue to grow and make us proud.

Jimmy Thompson,
 Congratulations! We are very proud of you and all that you have accomplished. It has been a tough road this year but you did it. The Lord has blessed us in so many ways, especially with a loving and caring son who is always trying to make someone laugh. We have watched you grow from an adorable baby to fine young man. We watched you go from playing basketball to aggravating your sister, learning to drive (with loud music), skateboarding, the headaches of girlfriends, to holding down your first job. We will cherish those memories. I know you have learned some things the hard way but I know you will become a better man for that. Our wish for you now is always the same-much love...unconditional love, success in college and life, and happiness always and forever. We love you "J.J." and will always be here for you.

Love,

Michelle and Jimmy,
 It's hard to believe that you two are graduating. From your first steps together, lost teeth, birthdays, holidays, family gatherings, and also sharing in each others happiness and sorrows. Now we are watching you two embark on a new and adventurous journey into life. Always keep God in your life and he will bless you truly.

True Friends
Excitement and fear fill our hearts.
Soon a new way of life will start.
Thirteen years have almost passed.
But in our minds the memories last.

We've been through it all.
And realized who our true friends are.
The one that was there.
When no one else seemed to care.

So as our senior year comes to an end.
I want to say, thanks for being a true
friend.

As parents, the hopes and prayers of your child reaching this point in their life is a blessing. Just can't say it enough, how proud we are of you. You've accomplished a lot of things in your life and I know there's more to come. Always continue to keep your head up and be the leader you are. I cannot tell you that things will always be easy, but I know that you will handle them the best way you know how. There's a whole world just waiting for Ms. Alyssia Dawn Payton, so they better be ready. So now that you've begun your journey in life, we hope and pray that you will be successful in all you do and always keep God first in your life. We're proud of you, and we love you.

Who would have ever thought that on June 2, 1988 our lives and dreams would have changed so quickly. From the moment we looked into those big brown eyes we knew you were a special girl with a heart of gold, and a personality determination like no other.

As graduation day approaches and a new chapter in your life begins we look back at all of the cherished memories that we have. We have watched you go from laying in your crib wanting your back rubbed, to watching hours and hours of Dumbo, to seeing you sit on the couch picking the fuzz from between your toes, to looking at college brochures.

We enjoyed seeing the excitement in your eyes and smile as your baby brother was born. And with every argument and fight, oh how the excitement GREW AND GREW!

As your Dad and I witnessed countless dance recitals, t-ball, softball, basketball, and soccer games, we always knew that there would come a time where you would have to Spread Your Wings and Fly... And we would watch from the perch with a small tear in our eyes, our little girl become a beautiful young lady.

May you always remember "There is no mountain high enough, no valley low enough and no river wide enough" that will keep you from achieving your hopes and dreams.

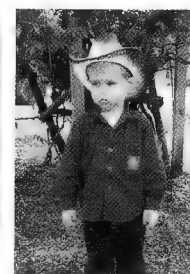

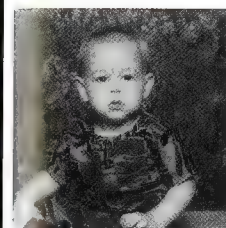

The word "LOVE" doesn't even come close to our feeling that we share for you!

We love you,
Mama, Daddy, and Ryan

I can't believe that your senior year is almost over. It seems like only yesterday I was rocking you in the rocking chair and singing "You are my Sunshine." You have always been a light to everyone around you, an example to follow. Through his guidance, God has allowed you to be a positive influence and to touch everyone you meet. Your love and generosity for others is genuine. What a blessing you are. I can't express how proud I am of you; you have overcome so many obstacles and continue to keep moving forward. Stay focused on the future; don't be led astray. Remember Proverbs 3:6 says, "In all thy ways acknowledge Him, and He shall direct thy paths." Through your struggles, you have learned so much. It is a parent's duty to teach a child the traits that they will need to be a successful adult, but you have also taught me traits on how to be a better parent. I am so blessed to be your mother. As you prepare to walk across the stage on graduation night, I know that my heart will grow heavy and yes, I will cry. I will cry tears of happiness and tears of sadness. Happiness, for the goals you have worked so hard to achieve, and for the continuation of your dreams. Sadness, because my little girl is growing up. You should know that I will always be there to support you. I have faith in you. Congratulations. You made it!

Love,
Mom

Congratulations! The journey from preschool to graduating high school has come to an end. We are so proud of you, as you have excelled all the way. Your diploma represents many years of hard work and good grades. It also represents the beginning of your adult life. Remember all you've learned and all we've taught you. I know you will continue to work hard, be honest, friendly, and always have faith. These ingredients will steer you through life on the right track. But always remember that we are proud of you, and will always be here for you. As you make your way in the world, your family stands as a base - always loving, always here, always standing with open arms.

"Well, I'm not perfect!" You've made that statement so many times throughout your childhood. You often doubted yourself, when struggling with projects, assignments, tests, and grades, or giving it your all on the court and on the field. Maybe we put too much pressure on you, but we see your potential and know what you can do. We are proud to have been, literally, at your side throughout your school years. We know at times it was difficult for you, but for us it was an extraordinary privilege. The opportunity to coach you and watch you grow are memories we will cherish forever. You have grown into a beautiful young lady, inside and out, with a compassion for others which makes you truly unique. You have filled our lives with adventure, pride, and happiness. As you take the big step into the real world, be confident and go after it with the passion you have when you believe in what you are doing. You have in you the ability to be whatever you desire. Always remember, "I can do all things through Christ who strengthens me." (Philippians 4:13) We wish for you, a life filled with success and happiness. However, as you have experienced, this - your Senior year, sometimes life throws you a curve ball or Katrina. Get up, brush off the dust, and be better because of it! The road will not always be easy - but you can count on us - we are right behind you.

Brooklyn, you are perfect - perfectly you, and that's why we love you! Big Like God,

From a little girl to a woman, the time has simply flown!
One minute you were crawling, the next one you were grown!
You've filled the years with baby tears and precious toddler ways,
With kindergarten antics and crazy teenage days.
And now you're graduating - can time really move that fast?
(A parent tries so hard to make each golden moment last!)
You've swept through life with humor and a kind of gentle ease,
And in your wake, you've left a store of precious memories.
And though your life is changing, always hold one thing as true -
That time will never, ever change
The love that's felt for you.

You have brought an amazing amount of happiness into our lives and we are so proud of you, your many talents, and accomplishments. Of all the blessings God has bestowed upon us...you are the Greatest! We have enjoyed watching you grow into a beautiful young lady, admired you for your kindness and compassion for others, and are delighted in your incredible zest for life. We have no doubt you will achieve great accomplishments in the future - you can succeed at anything you put your mind to!

You will always be Momma's "Angel Baby" and "Daddy's Little Girl."
We love you... "Big Like God,"

It's hard to believe our loving beautiful daughter is about to graduate and start a new amazing chapter in life. You have always brought so much love and happiness into our lives. As a little girl you were always smiling, laughing, singing, and enjoying life to the fullest. Today you still wear a bright beautiful smile that warms our hearts. But what makes you stand out and bring us great joy and pride is your kind and gentle ways. Your life is just beginning as a young woman and many challenges and adventures will take place in the days ahead. Our hopes and desires are for you to be truly happy and enjoy life to the fullest. We believe in you and know you will achieve your life dreams. Our hope is you will walk with God and keep him close in your heart. Now, take the miracle of life and treasure each day that comes your way. We love you so much and will always be here for you, no matter what the future holds. Always remember God gave us the most precious gift of love when he blessed us with wonderful you!

Keep your head high, your shoulders back, and stay determined to achieve your goals. Always respect yourself and have confidence in your abilities. Don't forget about us while you are out making your way in this world, we will be there when you need us. We love you and wish you the best in all of your endeavors.

As I look at you this day, I remember the tiny little girl that looked at me for the very first time and I knew that I loved you more than I could ever have imagined. This day brings so many emotions. I want you to know that I am so proud of you for all your accomplishments and the person you have come to be. You have always been a strong willed little girl with a lot of spunk! Your smile warms hearts and has been known to break a few along the way. You have become such a beautiful young lady, I can't help but worry about you, but I know that I have to let you go a little in order to make your own decisions and find your own way. Remember, no matter how old you get you will still be Daddy's little girl. I will always be a phone call away! Live with no regrets and stay focused on what you want and you can do anything you set your mind on. Congratulations.

It is so hard to believe that our beautiful little girl is a Senior! Where did the time go? In the blink of an eye, you grew up into a remarkable young lady. You are truly a blessing from God with your kind heart, beautiful personality, and wonderful outlook on life.

As we look back, we have so many treasured memories of your childhood. There was your first dance recital and your fabulous cartwheels across the stage. Your first car, remember that beautiful, pink, "Barbie Corvette?" Then, there was your first day of school. It was so hard to let you go!

Now you are a Senior, and we are so proud of you and everything that you have become. You have always had so much determination and such enthusiasm for life. We love that about you! We know that you have a wonderful future ahead of you, and we will support you along the way. We will always remember your favorite song when you were a little girl: "Hold Me!" Please remember, we will always be there to

"Hold You!"

SARAH FITZGERALD

It is human nature and a common trait of youth to want to "grow up." When you were young you wanted out of the car-seat and into the seatbelt, you wanted off the tricycle and onto the bicycle, you want to drive, go to the mall by yourself, date a boy! Now, you want to go off to college (Ole Miss) and conquer the world! It is human nature and parental instinct for a mother and father to want to keep their children well. We want to protect you from the world, from bumps and scrapes, from heartaches and disappointments. Parents want to protect their children from making some of the same mistakes and experiencing the accompanying hardships, that they made and experienced. We know, however, in our hearts and minds, that it is through the bumps and scrapes, the mistakes and consequences, that an individual learns and develops into an adult. It is the youthful desire to "grow" and the parental instinct to "protect" that creates the common struggle between parent and child. We would not trade one minute of the "struggle" over the last 18 years! You're a beautiful, responsible, young adult, and we could not be more proud.

Sarah, do not be afraid to try something new; if you never try, you will never achieve. Do not be afraid of failure; it is through failure that we gain strength and learn humility. Do not retreat from a challenge; if you constantly test your limits, you will never have any. Do not take life for granted; if your first breath every morning is followed by a "thank you," your troubles will feel just a little bit lighter. We love you so much.

Love, Dad, Mom, Sommer, and Taylor

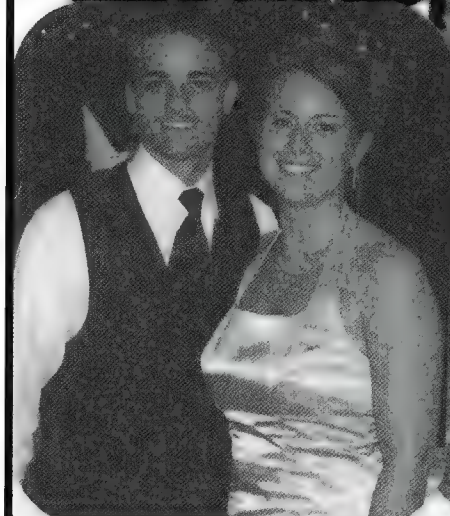

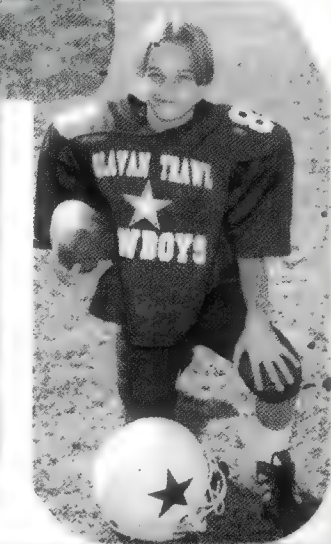

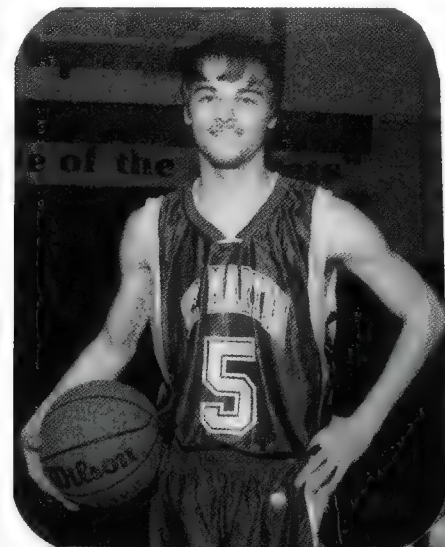

Congratulations

Kevin James Elliott, Jr.

We are very proud of our baby boy. You have grown up to be a handsome young man who has given us many wonderful memories. As you journey into a new time in your life, remember we love you very much and will always be here for you.

Love, Dad, Mom, Elizabeth, Mary Mary & Pam Pam,
Uncle Sammy & Aunt Martha, Aunt Deonne & Uncle Joey,
And Aunt Sharon

Brooke Baughman

You finally made it through those thirteen long years of your life. First goal of those years was as Mrs. Cartwright said, "Use your inside voice" ..Ha!Ha! Still haven't mastered that one. Final goal: graduate with Special Honors and Advanced Diploma which you have accomplished with pride. You have always set your goals high and continue to reach them every day. Hopefully your strong will and positive attitude will help you achieve your dreams of becoming a surgical nurse or doctor. Heck, with all your softball and basketball injuries, I think you should pursue something in orthopedics. You have so much first hand knowledge in that area that should help.

The tears I will cry between now and graduation will be from so many emotions that I will have thinking of the past, living the present, and thinking about your future. From happy to sad to pride but most of all love for my baby girl. No matter how old or how tall you are you will always be my baby. So dream big Brookie and go for it!

We love you,
Mom, Dad, Papa, and Grandma

It has been great just being one grade lower than you in school because it made us a lot closer than other siblings. Even though you act like my mom all the time, I still love you and hope that your life comes out everything you want it to be. You always hear stories about brother and sister growing up and hardly ever staying in touch. I really hope that doesn't happen because then my life would not be the same without having my big sister to talk about anything. Well this is the year you have been waiting for, but it's time for you to start a life. I'll miss seeing you in school, but we will still be in the same house for a little while longer. I hope you enjoy your senior year because it only happens once in a lifetime.

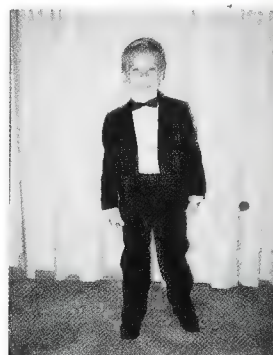

Your brother,
Chris

Matthew James Wright

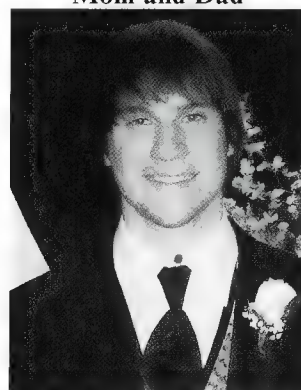

"I will instruct you and teach you in the way you should go, I will counsel you and watch over you."

Psalms 32:8

Matt, we have enjoyed watching you grow and become the handsome young man you are today. Thank you for the laughter and joy you have brought into our lives. There is never a dull moment when you are around. God has blessed you with many talents, especially art and music. Work hard, stay focused and the end results will be endless. We are very proud of you and very proud to call you "Our Son." Keep God close to your heart and he will always watch over you. Always be yourself and make your own choices in life, and remember your dreams are within reach. Matt we will always be here for you.

We love you,
Mom and Dad

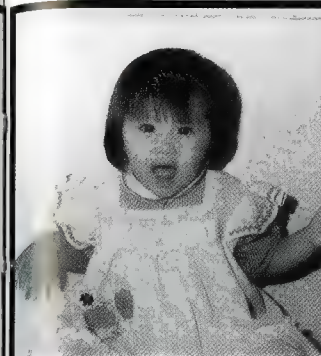

We are very proud of you as you take this next step into adulthood. We have seen you mature into a fine young man. Whenever you need guidance or a helping hand, remember we will always be here for you, because you will always be our baby brother. May God watch over you as we do.

Love you, Nichole and Jonathan

When you have a goal in life that takes a lot of energy, that requires a lot of work, that incurs a great deal of interest, and that is a challenge to you, you will always look forward to waking up to see what the new day will bring.

I have watched you grow throughout these wonderful 18 years. I am glad to say that I am very lucky to have you, TuyetNhi, as my very daughter. You have done so much to help me. You have helped me take care of your little sister, kept the house clean, and many other things I can't explain. I just don't know the right words to say to help you understand how I feel about you. I pray to Mary and Jesus that they help you learn many other good things in life and to help you accomplish all your goals. I wish you and all your friends a wonderful senior year. I love you with all my heart.

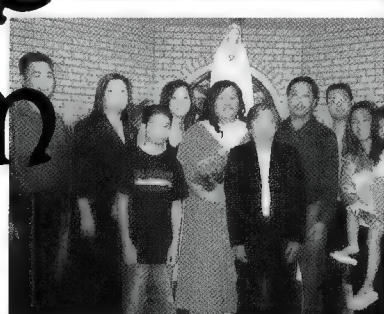

Love, Mom, Dad, Steven, Johnny, and Jessica

The People Who

STAFF [stäf] *n.* the personnel who assist a director in carrying out an assigned task or perform special duties. Although this is how Merriam and Webster define a staff, the people behind the book think of it as much more. Through our time spent as staffers, we have gained thirteen friends, useful experience, and many cherished memories. As you make your way through the 2005-2006 yearbook, try to look past what's on the page and see the hard work and dedication required for each spread to be produced. From factoid-hunting and caption-writing to taking pictures and meeting deadlines, there's never a dull moment in room 9G. Perhaps the most amazing feat was the production of the yearbook, considering Hurricane Katrina's decision to interrupt things from that last day on August 26th until we came back October 3rd. But nothing can keep us down, because with teamwork and perseverance, we pressed on and created the book you are holding in your hands.

Make the Book

1. Ann Cao makes a poster advertising the yearbook prices. Because Ann is so creative, she made all of the yearbook posters throughout the year. **2.** Sophomore Devyn Hill works on her Cheerleading spread. This is Devyn's third consecutive year on the yearbook staff. **3.** Kaila Benton crops a picture while putting together a senior ad. Kaila was one of only two people that worked on the senioritis, senior ads, and business ads for the entire yearbook. **4.** Michelle Misko, Brian Teets, Brandy Martino, Mariah Gibson, Kathleen Strunk, and Kayla O' Grady open up the snacks at the Annual Staff Convention. This convention was held so that the yearbook staffs from both buildings could come together and decide on the cover of the yearbook. This was the 1st Annual Staff Convention ever.

Wow! Where do I start? Well, it's been one crazy year. Ya'll know what I'm talkin' about. Huh? Huh? Anyway, yes we all had our little blow ups this year and our own confrontations but we'll all get over it and move on. I still and always will love every last one of you and I'll always have a special place for this yearbook that we've put together - the trash. J/K! Kuehnator, thank you for being patient enough to put up with Jacinta and me for two whole years. Don't forget, when you want to laugh, you really don't! Ann, where do I begin with you? I never realized how crazy you were till this year, but don't worry, you'll always be just A. Cao to me! Love you! To my partners in crime Shawndee and Kaila, always remember that hot fries and salads don't mix! I love ya'll! Ashley and Bridget, I'm glad ya'll joined our little family. It took me a while to remember you guys, but now I'll never forget you! Disney or bust! Last but not least, Japoodo doo. I'm so glad that we had the chance to become as close as we have this year. I'll always love ya girl! Have a good time at college with a hint of fun!

Kesta Redding

Ashley

Wow! It's over! I can't believe it! I'm gonna miss everyone so much and I will never forget the fun times. Whether it was having a party, planning a party, or just joking around, we had some fun. I learned a lot in Yearbook, and I'm glad I met new friends. To everyone that is staying behind next year: have a party for me because you all know how much I love to eat. Have a great year next year, and enjoy every moment, because it flies by. I love ya'll!

When I signed up for yearbook staff, I thought it was going to be easy and laid back. The first couple of days were easy, but when I was assigned my first spread, everything went downhill. I had no clue how to work the yearbook program (much less what the name of it is). It was okay though because everybody was willing to show me what to do. As the months went by, I was assigned more spreads and the more creative I became. When I completed all my spreads, I look back and realize that yearbook staff is not just an easy, laid back class, it is about being dedicated to your work and working to perfection.

Bridget

Jacinta

Well, it has been an interesting year. We've had many disagreements, but most importantly, we've had fun! I will always remember our deep conversations and delicious "networking opportunities." Mrs. Kuehn, I appreciate everything you have done for me. I have learned so much from you these past two years. Ashley and Bridget, you guys had no clue on what to do, but you tried...and made us laugh. Ann, without you, this yearbook would not have as much "flavor". Your creativity is something I will always admire. Kesta, my homie g, we've done it all. From making movies to secretly talking about other staff members.....j/p.....naw not really, we've had great times. Class of 2006 running this!...well...that's it!

**A

n** It has definately been an interesting year. This year flew by so fast. I'm going to miss all my fellow yearbook staffers. Kesta and Jacinta... Where do I begin? You guys are so funny. You two know how to liven the mood when everyone was down. I'm going to miss yall's sense of humor next year. I'm glad I got the chance to really get to know you guys this year. Ashley and Bridget... I'm glad yall decided to jump on the bandwagon and join the staff. You guys are both so full of energy and life and it makes it fun to be around yall. And Mrs. Kuehn, thanks for giving me the opportunity on being on the staff. I've learned so much from everyone and will miss each one of you. Thanks for everything.

Mrs. K

When the going gets tough, the tough get going. Boy does that describe our year. We have had to work at a tremendous pace since returning to school. But, like the dedicated staff we are, we rose to the occasion and found a way to make it happen. Looking back, we have shared many fun times and I know that this will be a memorable year for all of you. Thanks for being there for me and allowing me to be here for you.

The day we stepped onto campus, we knew not what to expect, and the thought of having a great time while learning important skills never crossed our minds. Passing difficult courses, asking teachers for advice, and cheering at sporting events will soon fade into our memories and assist us with life-changing decisions. We have made our way through elementary school, middle school, junior high, and now high school. A new chapter of our lives will soon begin; therefore, it is time to put our education to the ultimate test and make our way through life. In the future, let not this book only recollect high school memories, but let it remind you of all the good times that have passed and the ones to come. Hurricane Katrina came ashore and destroyed many lives and buildings, but it could not extinguish our spirits. Graduation may seem like the end of the best days of our lives, but it is only the beginning of a journey that is well worth a wait. We run this!

Jacinta D. Gibson

A Letter from the Principal

What a great year to be a Yellowjacket! What we have accomplished this year cannot be summed up with words. As a school community, we have managed to overcome the worst natural disaster in the history of this country and make this another outstanding school year. Our athletic teams won seven district championships, and academically we continued to build upon our past success. Also, our teachers worked hard this year through some difficult circumstances and continued to provide our students with every opportunity to be successful.

I would like to thank the Senior class for making this a special year. You are my first graduating class as principal, and I could not have asked for a better class to share my first year with. Continue to strive for excellence and you will make a difference in this world!

To our returning students, let's continue to make St. Martin High School one of the best schools in the state of Mississippi. Thanks to all those who contributed to our success this year!

For the kids,

After eight seasons and 200 episodes we bid farewell to **Eric**, **Donna**, **Hyde**, **Kelso**, **Jackie** and **Fez** as *That '70s Show* can't escape the inevitable: 1980.

EVERYBODY HATES CHRIS

Based on his childhood, **Chris Rock** narrates this hilarious story of a teenager growing up in **Brooklyn, NY**, in the '80s.

TRENDS

It seems everything old is new again - the 1980s saw a huge revival in the trends of 2006. VH1 provided the road-map with their "I Love the '80s" series, and suddenly the fashion police stopped issuing tickets for leg warmers and big sunglasses. Other decades were mined for pop culture as well - a Mustang from the '60s, basketball sneakers from the '20s, and a hobby formerly reserved for women in their 70s.

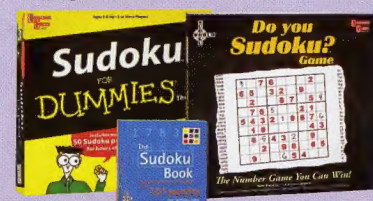

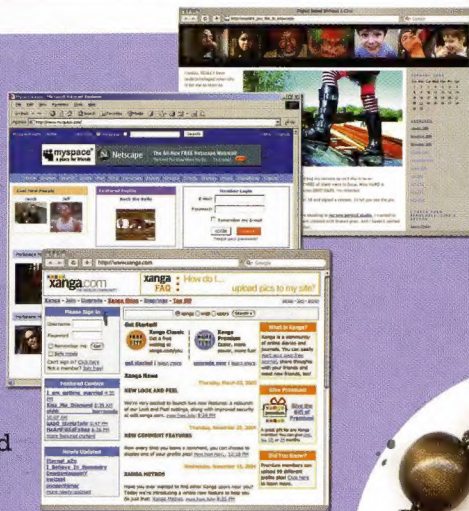

THE NEW BLACK Boys contribute to the '80s revival by being "pretty in pink." And "tough," just like the pretty pink t-shirt says.

THIS EXPLAINS THE BIG PURSE TREND, TOO. Inspired by paparazzi-dodging celebrities and '80s fashion, big sunglasses get tons of face time this year.

BLOGAPALLOOZA

Services like **Xanga**®, **MySpace**® and **Blogger**® make setting up a weblog free and easy, giving anyone with Internet access the opportunity to have an online presence. Now your deepest, darkest secrets can be *shared with the world*. Just like that time your friend Jamie told everyone you wet the bed at her sleepover!

CROSSWORDS FOR PEOPLE WHO NOT WORD SO GOOD

Like crossword puzzles but hate to spell? You're not alone. Japanese **Sudoku** puzzles give number-crunchers something they can wrap their heads around.

Big bracelets are a big hit! You can't go too big or too bold, just as long as you have a big necklace to match!

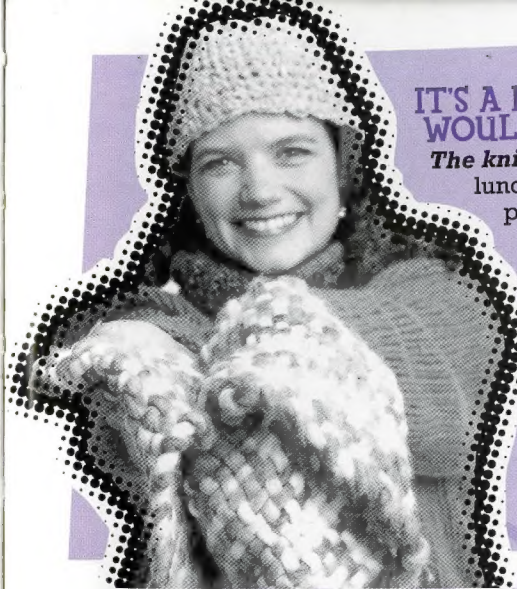

BLAME DAISY

With the popularity of **The Dukes of Hazzard** movie, a full-on western fashion trend is inevitable. **Boots, hats, belt buckles** and western shirts go mainstream.

POD-CASTING

Tech-savvy teens with something to say launch their own **podcasts**, delivering their message to a limitless audience via the Internet. Over **one million listeners** latch on to the concept almost overnight, making podcasting almost as popular as blogging.

IT'S A PURL THING, YOU WOULDN'T UNDERSTAND.

The **knitting craze** dominates lunch rooms and study periods. Ambitious "knit wits" branch out from potholders and scarves to create ponchos, doggie sweaters and even - yikes! - bikinis!

PHYSICAL ATTRACTION

After nearly 20 years of cold calves, **legwarmers** are finally back on the fashion radar. Bonus points if you knit your own!

CARE BEARS®

The '80s would have been wrought with debauchery without them - these cuddly little moral compasses teach the importance of caring for others and sharing your special feelings.

THE HARDEST WORKING BRAND IN SHOE BUSINESS

Converse's® canvas **Chuck Taylor All-Star™** shoes are never out of style, but with the rise of emo and '80s fashions, they're everywhere.

PONY EXPRESS

Ford® completely restyles their **Mustang™** to harken back to the **original 1960s design**, calling it "retro-futurism." State-of-the-art production facilities improve the model's handling and ride.

STIMU-LATTE Coffee consumption among teens rises 25% in the past two years, partly for the social aspect, but also because early-morning English is much easier after a jolt of caffeine.

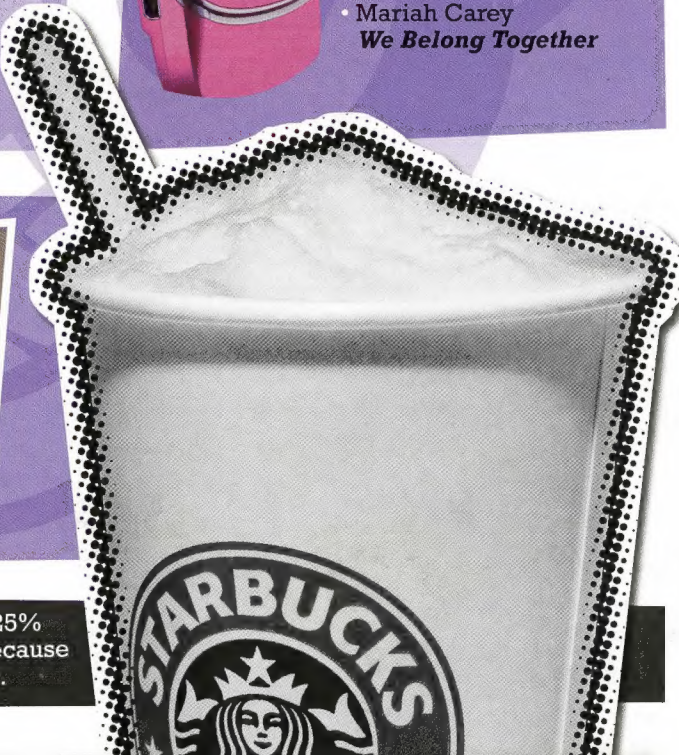

CUTE BUT PSYCHO

It's **Happy Bunny®** is the reigning king (or queen?) of bitter and sweet, bringing the fine art of sarcasm to a whole new level.
